## RESUME PROFILE

With expertise in front-end development, UI/UX design, graphic design, and a touch of cybersecurity knowledge, I bring a versatile skill set, passion for user-centered designs, and a commitment to continuous learning.

## KEY ACHIEVEMENTS

### Front-end Developer

Developed and implemented a responsive and user-friendly website, resulting in improved user engagement and increased conversion rates.

### UI/UX Designer

Led the redesign of a mobile application, resulting in a more intuitive user interface and positive user feedback.

### Graphic Designer

Created visually compelling graphics and illustrations for marketing campaigns, contributing to increased brand awareness and customer engagement.

### Little knowledge on Cybersecurity

Collaborated with cross-functional teams to ensure the secure implementation of web applications, addressing vulnerabilities and enhancing data protection measures.
